Frequently Asked Questions (FAQ) - Electives and Course Advising

---

Effective Date: 2024-08-10 | Status: Informational (Authority Level 4)

Q1: When do B.Tech CSE students choose Departmental Electives?
A: Elective selections begin in the 5th semester. Students can choose from tracks including Artificial Intelligence, Cyber Security, and Software Engineering.

Q2: Can I drop an elective course after registering?
A: Course drop requests must be submitted within 2 weeks of semester commencement through the Department Program Advisor.

Q3: What attendance is needed for departmental laboratory sessions?
A: As per departmental practice, students should target at least 70% in lab experiments to complete coursework smoothly. *(Note: University-wide 75% rule under Clause R.1(B).22 remains mandatory for end-term exam eligibility).*
